Communicate
Stage 1

We're starting our communicate stage 1 badge this week. There are 5 activities to complete and you need to complete ALL 5 activities to get the badge. The activities for the badge are shared over the next two pages, complete the activity and share the evidence required.

You're going to have a go at speaking in front of others. Sometimes this can feel hard, and that's why it's good to have a practice.

You're going to talk about a few different subjects. Choose three of the following:

- Aliens
- School
- Holidays
- Fruit
- Favourite Food
- Sport

Before you start take a deep breath and smile, if you're smiling, they'll smile back.

You don't have to speak for long, or can you be a **chatterbox**.

How did it feel speaking in front of other people?

It's time to pull some **funny faces**

Go and look in a mirror, pull lots of faces to show how you might look if you're happy, sad, scared, sleepy, confused, surprised

send us a picture of you pulling faces

We're going to play a game called **Your turn, My turn**.

Count down from three, and then start telling everyone else what you did today.

It was probably quite noisy when you all speak at the same time.

Now we'll try again, but you can only speak if you're holding a wooden spoon. Try with lots of different topics

send us a picture of you playing the game. What did you talk about?

This is what I believe!

Do you agree or disagree with the following statements? Can you tell us why?

- Unicorns are cool
- It's fun to play out in the rain
- Carrots taste nicer than peas
- Rollercoasters are exciting
- Eggs are smelly

Send us some thoughts on which statements you disagreed with.

We can think something different to someone else, and that's okay, it's just nice to find out why people think different things.

Sing along, sign along

Communicating isn't all about using our voices, but we can use our faces, and we can sign as well. Have a go at this song.

We go camping, we go camping
(We go tent, we go tent)

Rain or sun, rain or sun
(Rain and sun, rain and sun)

Sing around the campfire, sing around the campfire
(Sing group fire, sing group fire)

Lots of fun, lots of fun
(A lot fun, a lot fun)

Send us a picture of you singing the song
